Topic 01: Content handoff

M10: Session 03

M10 | Topic 01

TOPIC 01

Content handoff

Replace this transparent topic scaffold with reviewed instructional material.

Content status

Caution – No approved lesson material was supplied

This independently compilable topic is intentionally a source-and-PDF scaffold. Replace it with reviewed learning objectives, examples, exercises and references before learner delivery.

Author handoff

- Start from the approved session plan and define observable learning objectives.
- Split the lesson into coherent topic files under `topics/`.
- Build one topic while editing, then assemble the session for release.
