M10: Session 02

Instructional content pending approval

Session map

01 Content handoff

Replace this transparent topic scaffold with reviewed instructional material.

Each topic can be compiled alone while this session file assembles the complete learner deck.

TOPIC 01

Content handoff

Replace this transparent topic scaffold with reviewed instructional material.

Content status

Watch for – No approved lesson material was supplied

This independently compilable topic is intentionally a source-and-PDF scaffold. Replace it with reviewed learning objectives, examples, exercises and references before learner delivery.

Author handoff

- Start from the approved session plan and define observable learning objectives.
- Split the lesson into coherent topic files under `topics/`.
- Build one topic while editing, then assemble the session for release.
